

Port A Scrub[®] 12
12" Compact Scrubber

Key Features

- 12-inch cleaning path allows for use where other scrubbers cannot reach or fit
- Counter-rotating cylindrical brushes allow the Port A Scrub 12 to glide back and forth in forward or reverse operation
- The Port A Scrub has four height settings for brush wear and brush height
- Brushes require no tools to change or remove
- One gallon clean water tank is conveniently located on the handle and is easily removed for quick filling

Safety

- Dirty water pick up leaves the floor virtually dry for traffic
- Low noise level of 69 db makes the machine safe to use in noise sensitive areas
- 40 foot, 18-gauge 3-wire cord

Markets

- Airport
- Healthcare
- Educational Institutions
- Retail

Accessories/Options

- Three optional brush choices for various hard and soft surface cleaning
- Transport cart for easy movement from one job to another
- Side brush optional for easy cleaning along walls, under cabinets, corners and other hard to reach places

General Overview

- Compact and versatile cleaning machine excels on virtually any type of hard floor including vinyl, tile, hardwood, concrete, short nap carpeting, diamond plate, quarry tile, brick, slate, mosaic, studded rubber, granite, marble, rubber floors, escalators and people movers
- Operator-friendly and extremely maneuverable
- Scrubs with two counter-rotating cylindrical brushes and picks up the dirty water in one pass

Productivity

- A 12-inch path helps the Port A Scrub to be used in congested areas while leaving the floor virtually dry for traffic

Ease of Use

- Easy controls require minimal training
- Compact design allows the machine to operate in small spaces that other scrubbers cannot go
- Great maneuverability
- Simply lower the handle and the machine turns on and is ready to go

Specifications	
Cleaning capacity	3,770 Square feet per hour(350 m2)
Cleaning width	12" (30.5 cm)
